9/26/22

- Change to meeting schedule for December
- Reminders: open officer role (convener-elect) and email discussion on honorarium policy
- Request to fund an audio version of the BIPOC toolkit
 - Decision: Need to determine a more comprehensive content strategy before granting requests like this as one-offs
- Main Item: review strategic goals
 - The group reviewed the strategic directions document and the results of the recent surveys and decided on focus areas for the next 1-2 years:
 - Supporting communities of practice
 - Increased reporting on C4DISC to members, partners, and the public
 - Developing a content strategy
 - The steering committee formed a subgroup to tackle the first, and is taking the second and third to the Communications and Outreach Committee for discussion on what role they would like to take
